Dear Sir:

The attached Power of Attorney, Statement under 37 CFR 3.73(b) and "Fee Address" Indication Form are being filed to show Micron Technology, Inc. as the correct assignee of the present patent and to correct the customer numbers associated with this patent.

A prior Power of Attorney, Statement under 37 CFR 3.73(b) and "Fee Address" Indication Form were filed incorrectly indicating that Aptina Imaging Corporation was the assignee of the above-noted patent. This was an inadvertent error based on the erroneous recordation of an assignment to Aptina Imaging Corporation against the present patent. The chain of title has since been corrected by the recordation of a Declaration of Ownership at Reel 023957, Frame 0323, to confirm that the assignment recorded at Reel 023245, Frame 0186, was erroneously recorded against the above-identified patent. Accordingly, the attached Statement under 37 CFR 3.73(b) shows only the correct chain of title and omits the erroneous assignment and subsequent Declaration of Ownership.

Dated: June 23, 2010

Respectfully submitted,

By
